Connections ABA: Infant & Toddler Development Program

Welcome to Connections ABA! We are excited to begin our partnership with you and to assist with enhancing your child's life.

Scheduling & Cancellations:

Hours of Operation and Holidays:

- Service Delivery Days/Times: Monday-Friday are 8:00am-6:00pm
- Services are provided year-round
- 9 Observed Holidays

Program Scheduling:

- When determining the program schedule, we will work with you in creating a schedule that meets your family's needs.
- If a conflict in scheduling arises we will make every attempt to accommodate your needs.
- An ideal schedule is consistent and predictable.
- We strive to make a schedule that works with both your schedule and ours.

Cancellations:

- Please cancel your session if your child or anyone in the home has experienced the flu, fever, vomiting, or diarrhea within 24 hours of the scheduled session.
- Please call or text your Interventionalist as soon as possible about the cancellation.
- We will make every attempt to reschedule if possible.

Treatment & Family Involvement

Connections ABA - Infant Development Program is tailored to children 12 months – 5 years of age. We will be utilizing the Mind Institutes - Early Start Denver Model (ESDM) early intervention treatment program. The core of our program is to maximize learning through play based naturalistic applied behavioral analytic strategies.

The goal of the Infant Development Program is to support families, increase your child's skills, educate parents, reduce delays, and decrease negative behavior. Parent participation within the program is vital. You are your child's first teacher and we want you involved in the treatment. Therefore, we will do our best to support and educate you and your family to optimize your child's skill development. We ask that you commit and partner with Connections ABA to foster better treatment goals, delivery, and outcomes.

At Connections ABA, we want to follow your lead. We strive to create open communication with you and your family regarding expectations, treatment goals, methods of delivery, scheduling, etc. Please tell us what works, what doesn't work, what you would like to see more of, what challenges you are facing, and your priorities as a family. We are here to listen and plan to be with you every step of the way.
